

Quantum Physics: Knowing what you and the world are made of is the first key to knowing how to make it your way

You may be wondering what quantum physics has to do with wealth and happiness. Well, you had better believe that it has everything to do with it! How can you build a house if you do not know what a house is made of and how it is constructed?

Quantum Physics begins to explain how everything in your world comes to be. You are in direct manipulation of your entire physical world, but you may not be aware of this fact. And your lack of awareness of this fact, how the physical matter comes about and your role in it, makes your life appear to you as an occurrence that is out of your control. It may appear to you as if you are the victim of circumstances, while all along you are the cause of those circumstances, including your experiencing of wealth or lack of it.

Quantum Physics is the first step in an amazing awakening that you are about to undergo. Not only will you understand the very construction of all that you see around you, you will also understand exactly how your belief and thinking creates matter, how you reap what you sow, how ‘even before you ask, it has been given unto you’, and so on. It is science finally catching up with spirituality and common sense, and explaining it! Think about it; when someone tells you that anything is possible if only you believe, aren’t you more likely to believe that when you know how, step-by-step and scientifically, your belief shifts the universe and produces what you believe in?

One of the benefits of understanding the very basics of quantum physics (and the basics is all you need to understand) is that you finally see clearly how powerful concepts such as faith and right thinking work, among other things. This seeing and understanding, this knowing, enables you to have full confidence, eliminate doubt, create your reality consciously, powerfully and beautifully, and in many ways become more powerful.

Quantum physics also shows you how we are all connected, how we are all One Being that perpetuates an illusion of separate individual beings. It also gives you a glimpse into how Spirit and Matter interact and connect, how Mind and Matter do so as well, how creation actually happens, and how we are co-creators with God. By the end of this chapter and the next four chapters, you will be amazed at how much power you have, how amazing this universe is, and how easy it is to create any outcome you choose.

But first, what is quantum physics? Quantum physics is the study of the building blocks of the universe. For example, your body is made up of cells. These cells are in turn made up of molecules, which are made up of atoms, which are in turn made up of sub-atomic particles such as electrons. This is the world of quantum physics. Everything is made up of ‘large groups’ of sub-atomic particles. Your body, a tree, thoughts, a vehicle, a planet, light, and everything else are ‘concentrations’ of energy. All of them are large collections of pretty much the same types of sub-atomic particles. The only difference is in the way these particles are grouped together into ever-larger building blocks. Knowing how the work is a key to knowing how to re-create yourself and your world around you.

To speak correctly, a sub-atomic particle is not really a particle in the way that a grain of sand is a particle. While atomic and larger particles are objects, or things, subatomic

particles are not objects as such. They are 'probabilities of existence' and at the same time 'multiple existences'. They are also wave-like and particle-like at the same time. You will soon see what all this means by the end of this chapter.

Quantum physics asks the question 'what are these sub-atomic particles and how do they act?' Well, the sub-atomic particles are energy packets sometimes called quanta. Everything in this universe is made up of energy, and these energy packets behave in the most amazing way! They are at our command! The reason they would arrange themselves into a luxury boat, for example, is our individual and collective thoughts. Do you now start to see the link between wealth and quantum physics? Up until this point, you may have been designing your world haphazardly and unconsciously. Now you will awaken and do it deliberately and consciously with direction.

Lets begin our journey into the quantum field...

What is your body made of? Tissues and organs. What are tissues and organs made of? Cells. What are cells made of? Molecules. What are molecules made of? Atoms. What are atoms made of? Sub-atomic particles. What are sub-atomic particles made of? Energy? No. They are not made of energy; they *are* energy. You are one big ‘chunk’ of energy. And so is everything else. Spirit and Mind puts together this energy into the physical shape you are used to seeing.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

Quantum physics tells us that it is the act of observing an object that causes it to be there where and how we observe it. Energy is the sub-atomic particles that in turn make up atoms and finally matter. This energy exists as waves spread out over space and time. Only when you exercise observation do these waves become particles localized as a space-time event, a particle at a particular ‘time’ and ‘place’. As soon as you withdraw observation, they become a wave again. So, as you see, your observation, your attention to something, and your intention, literally creates that thing as a space-time event. This is scientific. In other chapters, we shall see how to focus, concentrate, and guard your attention, intention, and thought to create your reality exactly.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

No solid object is solid. It is made up of rapidly flashing packets of energy. Billions and trillions of packets of energy. They flash in and flash out of that space where the ‘object’ is. They do not just stay there. So, why does a human body or a car look like a solid continuous object when we now know that it is actually a rapidly flashing field of energy? Think of a TV image. When you watch a movie, you see a person walk across the screen smoothly, yet in reality it is just a film reel with 24 slightly different frames a minute so your eyes do not detect the gap between the frames. Even each of those frames is a composition of billions of light photons flashing at the speed of light. That is what your world is – a rapid flash that causes an illusion of being ‘solid’ and ‘continuous’. Once you understand what your world is really, truly, you start to understand it’s true behavior and nature. You then change your view of it. And with your changed perception, you change your creation of it. This is the first step to wealth.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

Every single physicist agrees on one thing: sub-atomic particles, those energy ‘packets’ or quanta, are not particles in a particular point in space and time, like a table or a chair is, but they are a probability that they can exist at various points in space and time. The act of us observing them converts them into a ‘physical’ particle at a particular point in space and time, and once we withdraw that attention, they become a probability again. Imagine that the chair in your living room is one big sub-atomic particle. This is how it would act: when you are not in the house and not thinking of your chair, it would ‘vanish’

and become a probability that it can ‘re-appear’ anywhere in your living room or anywhere else in the universe, actually. When you come back home and you think of sitting on a chair in a particular spot in your living room, and you look for a chair at that spot where you wish to sit, it will magically re-appear! This is not some fantasy magical story. Sub-atomic particles behave just like that!

The amazing thing is that all matter is composed purely of massive amounts of these particles. Therefore, all matter acts exactly like a large group of sub-atomic particles would. A chair’s ‘being there’ is a result of us all watching it being there and deciding it to be there. It is not a wholly independent existence. No matter is a wholly independent existence – independent of the observer. As some scientists say, if everyone and everything in the universe stopped looking at the moon or thinking about it, it would not be a physical moon any more – it would be a probability of existence. The act of observation makes the probability become a definite thing and all other probabilities of it being elsewhere in the same world a null existence. Continuous attention keeps it that way, producing the illusion of a solid continuous existence of a physical moon.

Physicists have also discovered that quantum ‘particles’ make decisions. They are powered by intelligence. Not only that, they also know, instantly, what decisions are being made by other particles anywhere else in the universe! This synchronicity across space and time is instantaneous – they ‘communicate’ without taking any time or crossing any space. In fact, they also move instantaneously without having to go across space or take time. They can get from point A to B without having to cross the space in between, and point A and B can be in different times. Remember that quantum ‘particles’ are not particles, as you would normally think of a particle. They are not ‘things’ that are at a particular ‘place’ and ‘time’ – they are spread across space and time.

So, what is the intelligence that powers them? Well, it is from the Mind of The Source, God, All That Is, proportionately made up your own ‘individual’ mind and also the ‘individual minds’ of the rest of the universe, depending on the subject matter, scope, and strength of will.

Think about all this carefully. Think about the fact that everything your eye can see is made up of these amazing particles, which are under your co-control. Think about the scientific facts that now prove that you are at cause, or co-cause, for everything around you, that nothing you observe can exist without your observation. All you need to do is choose what you wish to observe, choose it with certainty and consistency, and this will cause the energy field to materialize into that thing over ‘time’, depending on your clarity, focus and certainty. Scientists have discovered that even in the strictest double-blind experiments, their expectations still influence results and it is impossible to carry out an experiment where there is zero influence from the observer on the results of the experiment.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

Quantum packets or particles are best defined as probabilities of existence. For example, say you have a quantum packet called Mr. X. Before you ask to speak to Mr. X, he will not exist as a person. He will exist as a potential person. Mr. X will be all over the world at the same time, with varying potentials to appear in person in Moscow, New York, Kabul, Tokyo, Sydney, Cape Town, or any other town in the world. Now, when you call his name, he will appear where you called him, and at that point the probability of him appearing in any other city will become zero. Then when you finish your conversation with him, he will vanish again and stop being a localized person, become spread out like a wave, and the probability of appearing anywhere in the world again takes place. That is how a quantum packet called Mr. X would behave. Keep in mind that everything in this universe is made up of quantum packets.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

Another property of quanta is that they are multidimensional. So, in the example of Mr. X above, when Mr. X is a probability, he is multidimensional. When he localizes when we call him, he becomes a thing in our four dimensional world (our world as we know it is actually four dimensional, with length, width, height and time being the dimensions). This is scientific. You now see, scientifically, that our universe is multidimensional, although our senses are capable of only detecting length, width, height and time as the only dimensions. Yet, our souls are also multidimensional. Listen to your soul, your feelings.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

The physical world is literally made up of ideas and energy.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

If you ever feel powerless, consider this: Einstein and other quantum scientists have proven that all physical matter is made up of energy packets that are not bound by space and time. This energy field has no well-defined boundaries. The universe is literally your extended timeless and unbound body. Science has also proven that the mind has no boundaries. All minds are 'connected' into one mind field. You are bigger and more powerful than you think you are. So, stop sweating the small stuff.

- I AM WEALTH. I AM ABUNDANCE. I AM JOY -

You already have it all. It has been said that before you ask it was already given to you. Science is beginning to prove, through quantum physics, that this is scientifically true.

The infinite intelligence and potentiality at the quantum level, the level that makes up all that is around us, and our inherent abilities to influence this field, is what gives us the 'having it all'. We are beginning to know this on a larger scale, scientifically as well as spiritually.

You already have all the riches beyond your wildest dreams. You have it. You may not be experiencing it right now, but you have it. Having and experiencing are two different things. An easy way to explain it is that you have the ability to fly a plane or surf a wave or go scuba diving, but you may not have experienced this aspect of your ability. There is nothing you need to do to have this ability; it is already in you. It has already been done for you. All you need to do is experience this ability.

In our lives, we really are simply shifting our consciousness to experience aspects of ourselves that we already always had, in a universe that has all that we can possibly wish to have, even that which we have not imagined exists. The quantum field can form an infinite number of shapes and experiences out of it. In fact, it has already done that. The page of this book is just one of those things, the words you are reading is just one of those things, the next thought you will have is just one of those things. Yet you never predicted you would be experiencing these pages. But your desire to find such words has caused them to appear in your hands. Indeed, they have always existed. You need not predict exactly how things will work out, all you need to do is desire, intend, and know its possible, and it will be arranged to come to you.
